

Let's Just Get to the Point!

The Validata System is ENGINEERED to work on ALL machines & devices* ...PERIOD!

(including some that don't comply with Industry Standards)*

We Don't make all of your products & technologies...

WE DO help make them perform Better because,
we intentionally design specific interfaces
to work with them.

**If devices are not NAMA Vending DEX, VDIS & VDI Data Standards compliant...NO PROMISES!!*
